

# Camp Katy

Grades 2-6

Supported more than 5,000 students to-date.

## Issue

The change in education due to the pandemic has forced low-income students into greater risk of falling behind, decreasing college readiness, deepening the summer slide, and having less access to enrichment opportunities.

COVID's negative impact on students has resulted in a 30% learning loss in reading; more than a 50% loss in mathematics and put them a full year behind in lower grades.

**Cost per Student: \$400/Week**

## Learning Acceleration

High-quality summer learning programs produce meaningful benefits and accelerate learning gains.

Camp Katy is a mix of academics and STEAM-based enrichment activities integrating mind and body to move students forward academically, socially, and emotionally.

Enrichment is a central part of the experience. By offering stimulating activities, summer programs help close the opportunity gap and give students a compelling reason to keep attending.

**Bridging the Opportunity and Achievement Gaps**

## Engaged Kids

Camp Katy keeps kids engaged throughout the summer. Choosing four new experiential learning and differentiated programs is an exciting prospect for students each week.

Learning and building relationships in a new environment, with a more intimate, camp-like atmosphere, offers students something unique.

Evidence points to the importance of social and emotional skills – teamwork, persistence, goal-setting, and self-control – for success in school and careers.

To ensure that Education Unbound's programs bridge students' opportunity and achievement gaps, we collect and analyze data.

## Participation Rate

Camp Katy's participation rate was 95%.

## Full-Service Academic Program

- NuMinds Certified Teachers
- STEAM Enriched
- At least two hours of instruction in Math and English Language Arts (ELA) /day
- Small classes
- Grades 2-6
- Bilingual (Spanish/English)
- Full-day programming: 9am-3pm
- Five days a week
- Recommended three weeks
- Meals

## Results

Specifically, the district reported that those who attended Camp Katy in 2021 showed:

- Literacy and numeracy fluency level up by 3x.
- Academic growth is equivalent to 1-2 grade levels.
- Increase participation & higher results due to SEL.

## About

Education Unbound prepares underserved students to flourish by providing integrated learning experiences, social-emotional support, and refinement of 21st-century skills necessary to embrace the Future of Work.

# Future Bound™

Grades 8-12

Assisted more than 200 students to-date.

## Issue

**Most Disadvantaged High Schoolers are unprepared for The Future of Work, as they are:**

- 1- Unaware of their tertiary education options.
- 2- Overwhelmed by the process and the cost.
- 3- Lacking the mentorship and support necessary to complete their studies.

## Sponsorships:

- Platinum: \$80K transforms 160 students
- Gold: \$40K transforms 80 students
- Silver: \$20K transforms 40 students

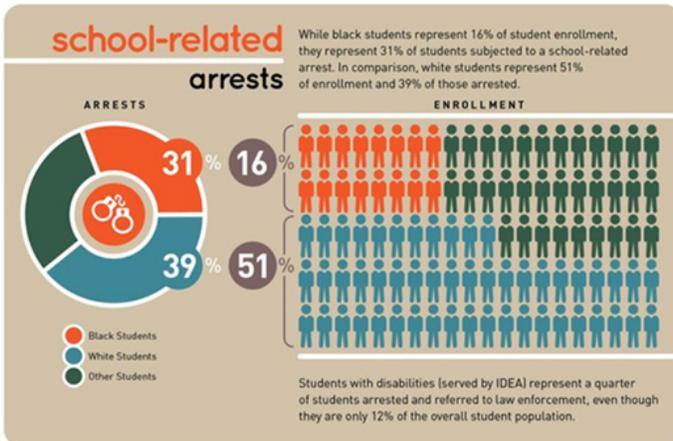

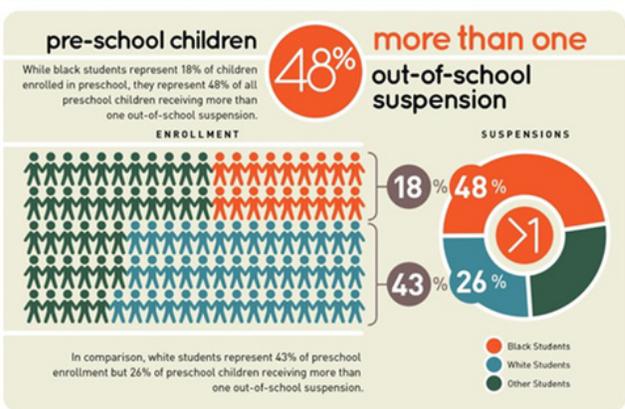

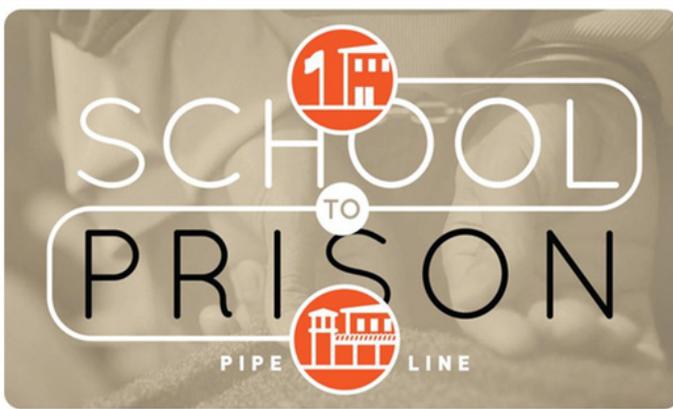

## Solution

Future Bound equips students for success in The Future of Work resulting in economic sustainability and independence: a flexible workshop model that provides high school students with a sense of purpose and connection for financial sustainability and independence, focusing on:

- Breaking free from limitations
- Finding their north star
- Growth mindset & Mindfulness
- Ikigai exercise
- Motivational speakers
- Tertiary education & career pathways
- Interview protocol and simulation

We work with students interested in a 4-year degree program, a 2-year degree or certificate, and vocational/trade school.

**Bridging the Opportunity and Achievement Gaps**

**TARGET 4-3**

EQUAL ACCESS TO AFFORDABLE TECHNICAL, VOCATIONAL AND HIGHER EDUCATION

**FUTURE BOUND STUDENTS' RATINGS AND REVIEWS:**

**4.9/5**

*"Success is a mindset, so set a goal for yourself and dream about it."  
"To look at things I am good at and not let people's opinions get to me."*
